

THIS IS ONLY THE BEGINNING

Show them what you've got

The VenYou™ CMS Website Starter Kit helps your brand get online in a fast, cost effective way without sacrificing quality or control. Not only do you get an incredibly powerful Content Management System, but you get the creative talent and support of Bicycle Theory – an award-winning brand development company.

The Website Starter Kit is a great first step in the right direction – up.

Be flexible

All VenYou websites are designed to perform consistently across platforms, browsers, and devices.

- JavaScript based Home page features module
- Mobile-friendly User Interface (UI) design
- W3C compliance
- And more ...

Be resourceful

Upload and manage the following content resources within your own website:

- Documents
- Image Galleries
- Videos
- Links
- Widgets
- And more ...

Push boundaries

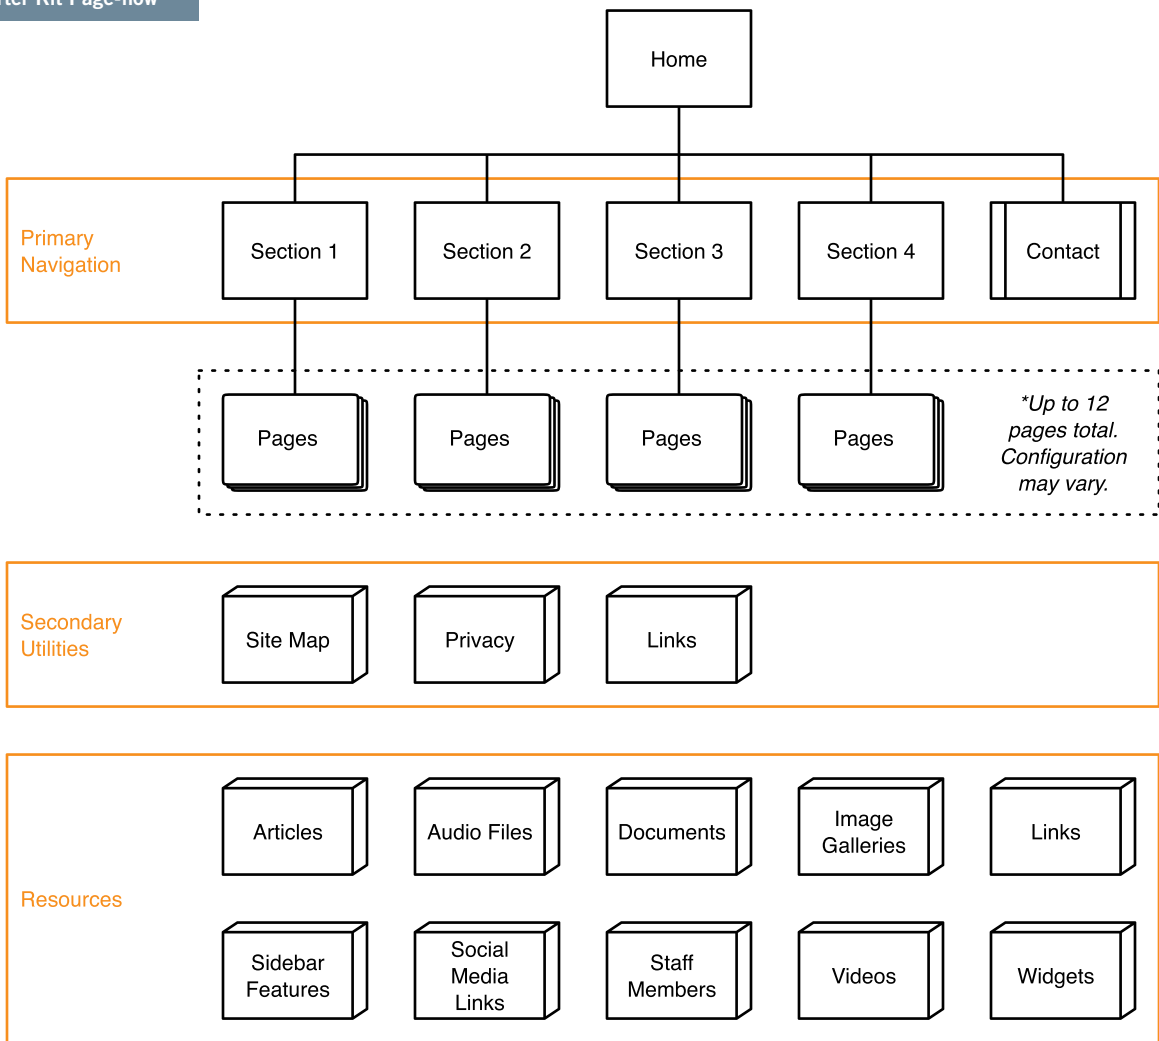

Use Widgets to integrate more advanced content and functionality from third-party providers, including:

- Calendars
- News feeds
- Maps
- E-commerce
- And more ...

Attract a following

The VenYou™ CMS can help you develop and maintain a client base.

- Native SEO tools
- Social media integration
- Mailing list integration
- Google Analytics
- And more ...

All content is based on the VenYou™ Standard Framework, Basic Page types, and Resources as defined by Bicycle Theory, Inc.

Start small, think big

The VenYou™ Website Starter Kit has everything you need to establish yourself while providing a foundation for growth.

The price of the VenYou™ Website Starter Kit starts at

\$5,000.00 + CMS Subscription (\$50/month)

Discounts apply. Contact Bicycle Theory for details.

Getting started is easy
